

**Theme: Pediatric Critical Care Medicine in the New Era:
Optimizing outcomes of critically ill children**
(Hybrid conference (onsite and recorded-on demand online))

วันพุธ 25 สิงหาคม 2564

8.00-8.30	ลงทะเบียน
8.30-8.45	พิธีเปิด
8.45-9.30	Guest lecture 1: Advanced brain resuscitation: Prof. Vinay M. Nadkarni
9.30-10.30	Pediatric Pulmonary & Critical Care Research
10.30-11.00	ประชุมสมาคมโรคระบบหายใจและเวชบำบัดวิกฤตในเด็ก
11.00-11.15	Break
11.15-11.45	L1 Pediatric pulmonary: Year in Review 2021 L2 Pediatric Critical Care: Year in Review 2021
11.45-12.30	Lunch symposium1: TBA Lunch symposium2: TBA
12.30-13.15	Industrial symposium1: TBA Industrial symposium2: TBA
13.15-14.15	S1: How to management Pediatric severe asthma: make asthma survive? S2: What's new in pediatric neurocritical care? - Neuromonitoring in PICU - Status epilepticus - Acute traumatic brain injury
14.15-14.45	Break
14.45-15.15	L3: Common and pitfalls in management electrolyte disturbance L4: ICU liberation bundles and strategies in children: post ICU syndrome
15.15-16.15	S3: How to deal with dengue shock syndrome S4: How do we treat refractory hypoxemia: Pediatric ARDS?

วันพฤหัสบดี 26 สิงหาคม 2564

- 8.30-9.15 Guest lecture 2: How to management in fulminant liver failure: Prof. Satoshi Nakagawa
- 9.15-10.00 Mini-symposium1: Management in children with severe burn
Mini-symposium2: Rescue the failing kidney: from basic to advanced.
- 10.00-10.30 Break (30 min)
- 10.30-11.30 S5: How to improve outcome in Pediatric septic shock?
S6: Role of nursing care for extracorporeal support: CRRT and ECMO
- 11.30-12.15 Industrial symposium3: TBA
Industrial symposium4: TBA
- 12.15-13.00 Lunch symposium3: TBA
Lunch symposium4: TBA
- 13.00-13.45 Mini-symposium3: Daily interruption of sedative and NMB agents: Pro and Con
Mini-symposium4: Early Versus late Renal Replacement Therapy: Debate
- 13.45-14.15 Break (30 min)
- 14.15-16.15 Workshop and meet the expert
- Meet the expert (1.45 hr)
- 14.15-16.00 Interesting multidisciplinary case discussion in critically ill children
- Workshops (1.45 hr) จำนวนจำกัด
- 14.15-16.00 WS1: Mechanical ventilation from NIV to Invasive
WS2: All about extracorporeal support: CRRT and ECMO
WS3: Respiratory care in PICU (Nurse)

วันศุกร์ 27 สิงหาคม 2564

- 8.30-9.30 S7: How to set mechanical ventilation from basic to advanced?
S8: What's new in Pediatric CPR?
- 9.30-10.00 Break
- 10.00-10.45 Mini-symposium 5: End of life care: Multidisciplinary approach
Mini-symposium 6: Mechanical ventilator support from PICU to home
- 10.45-11.15 L5: How to deal with cardiac arrhythmias?
L6: Approach and management in children with hemoptysis and pulmonary hemorrhage
- 11.15-12.00 Industrial symposium5: TBA
Industrial symposium6: TBA
- 12.00-13.00 Lunch
- 13.00-13.30 L7: Nutrition management in PICU (enteral, parenteral and feeding intolerance)
- 13.30-14.00 L8: Common and pitfalls inotropic and vasopressor medication use
- 14.00-14.45 Guest lecture3: Experiencing in Pediatric COVID-19:
Assoc.Prof. Thianchai Bunnalai
- 14.45-15.45 Special lecture1: All about in severe COVID-19: from pediatric to adult:
Prof. Yong Poovorawan
